## VERBAL DESCRIPTION:

Paste int: 7.5 YR 5/6

Paste ext: 7.5 YR 6/6

Hardness 2

This is a figurine frag shaped like a nose with a big lump where the bridge should be. There is a ridge on the interior roughly even with the junction between the two lumps, slanting at about 20°. The edges are not very sharp, indicating some erosion, but not too much. The line separating the two lumps is more pronounced on the right side than on the left.
